

Add-on kit safety railing, powder-coated 1 middle post 500 mm, 1 beams, 2100mm

SKU: SETSGE27

GTIN: 4250912338395

The safety railing extension set, comprising one post and one rail, enables the easy extension of existing safety barrier systems. It is designed to provide safe separation of traffic routes and protect machinery, racking, and facility infrastructure from impact damage. The robust steel construction is hot-dip galvanised and powder-coated, making it suitable for use in warehouse, logistics, and industrial environments.

Maximum impact protection Protects people, machinery, and infrastructure from forklift and vehicle collisions.

Heavy-duty steel construction Built from high-quality steel for demanding industrial environments.

Approval / Certification: TÜV-certified (compliant with DGUV 108-007 / previously BGR 234)

Depth/Length: 200 mm

Width: 2300 mm

Height : 500 mm

Depth without foot plate: 100 mm

Width without foot plate: 2200 mm

Distance between foot plates: 1900 mm

Foot plate depth: 200 mm

Foot plate width: 200 mm

Foot plate height: 10 mm

Foot plate side length: 200 mm

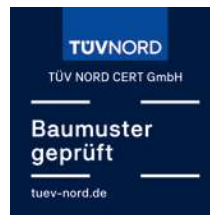

Foot plate colour: Yellow

Material: Steel

Material thickness: 3 mm

Foot plate material: Steel

Colour: Yellow

Add-on kit safety railing, powder-coated 1 middle post 500 mm, 1 beams, 2100mm

Area of application: Indoor use

Mounting: Bolting

Fixing holes Ø: 13 mm

Number of mounting holes: 8

Fixing included: Mounting material not included

Delivery is: Pre-assembled

Accessories (optional)

: 1. Mounting Art. No. FIX 1

Warranty: 1 year
